CHILEWICH

This ancient simple weaving pattern has been interpreted through the ages by almost every culture. Chilewich has now reinterpreted it for the 21st century. A contemporary palette of original colorations was created by tirelessly juxtaposing different colors and tones. From deep earth tones to bright citrus colors and through lustrous metallics, these Basketweaves have now become a signature weave for Chilewich. All Chilewich products, including home table decor and woven placemats, are durable and easy to clean. Indoor/outdoor use. Made in USA.
